Instructional DVDs explore 6 key nutrients

The image displays six instructional DVD covers arranged in a 3x2 grid. Each cover features a central circular image surrounded by smaller circular images connected by lines, forming a molecular or network-like structure. The covers are color-coded: blue for water, green for minerals, red for vitamins, orange for protein, yellow for fats, and purple for carbs. Each cover includes the title, the subtitle 'elements of human nutrition', and the 'learning seeds' logo.

*The perfect volunteer for intramuscular injection training!*

**Life/form® Intramuscular Injection Simulator**

Palpable landmarks are embedded in the torso and represent the superior end of the femur, or greater trochanter, the posterior superior and anterior superior iliac spines, and the sacrum. Gluteus medius and gluteus maximus muscles, sciatic nerve, and vascular structures are clearly shown in the cutaway section. Three types of intramuscular injections can be taught and practiced on this simulator: dorsogluteal, ventrogluteal, and vastus lateralis injections. Includes instruction manual, supply of syringes, and hard carry case. 5-year warranty.  
LF0096H12

**Paddy – Small Injection Pad**

Removable epidermis layer on pad surface allows for the simulation of a "wheal" during intradermal injections. Skin puncture resistance and the resistance throughout the injection closely mimic the feel of a real injection. Drainage holes on pad bottom for use with fluid-filled syringes. 2½"L x 2½"W x 1¼"H  
SB51839H12

**Demo Dose® Inject-Ed Injection Pad**

Compact and economical injection task trainer provides students with a realistic injection experience in the simulation lab. IM, SQ, ID, and Z-track simulation. Resilient, durable, and self-healing surface fluid

**Inject-Ed.** Holds up to 20 ml. 3" dia. x 1½"H x 2¼" injection area.  
PN01195H12

**Inject-Ed XL™.** Holds up to 250 ml. 8" dia. x 1½"H x 7" injection area.  
PN01259H12

**Medication Administration Kit**

Teach medication administration with a level of realism and precision. Students will learn the proper way to inject medications, break ampules, and how protect themselves and patients. Great for class demonstrations or in-lab simulation.

PN01233H12 –

**Patient Care Simulation:**

- Bandaging and wound dressing
- Bed baths
- Clothing changes
- Denture placement and removal
- Ear canal irrigation, otic drops, and hearing aid placement
- Eye irrigation
- Finger and toe manipulation with bandaging — flexible and individually molded
- Hair care, washing and combing
- Intramuscular injection sites
- Oral and nasal hygiene
- Ostomy care — ileostomy and colostomy
- Patient positioning
- Patient transfer techniques
- Peri care
- Tracheostomy care

**Visual Inspection Training:**

- Normal and cancerous mole
- Stage I sacral ulcer
- Dilated and constricted pupils
- Reddened skin folds
- Major joints have natural movement to provide realistic practice of patient handling
  - o Ankle — eversion, inversion, dorsiflexion, plantarflexion
  - o Elbow — extension, flexion, pronation, supination
  - o Knee — extension, flexion
  - o Fingers — abduction, adduction, flexion (soft, lifelike material)
  - o Hip — abduction, adduction, rotation, hyperextension
  - o Trunk — rotation, hyperextension
  - o Neck — rotation, hyperextension, lateral flexion
  - o Shoulder — abduction, adduction, rotation, hyperextension
  - o Toes — abduction, adduction, flexion (soft, lifelike material)
  - o Wrist — flexion, hyperextension, radial flexion, ulnar flexion

**Overall Attributes:**

- Lightweight — approximately 28 lbs.
- Full-size adult manikin — measures 58"
- Ideal for OBRA-required training
- Overall female appearance — converts to male with removal of wig and attachment of male genitals
- Life/form® 5-year warranty

**Life/form® Complete GERi™ and KERi™ Manikins**

Includes all of the main features listed above with the addition of:

- Enema administration — female only
- Gastrostomy procedures — lavage and gavage
- Internal fluid reservoirs
- Nasogastric tube placement
- Pap smears and douching
- Prostate exam — Stage B
- Urinary catheterization — female and uncircumcised male

**ALEX**  
ALEX Patient Communication Simulator (PCS)

**AXEL**  
AXEL Patient Simulator

**Realistic simulations give students opportunities to:**

- Build critical thinking, decision-making and priority-setting skills
- Perform patient physical assessment and practice medical interviewing skills
- Evaluate vitals and waveforms with simulated patient monitor
- Maintain treatment plan with customizable labs and medical orders
- Practice procedures such as IV administration, catheterization, and airway management
- Assess advanced life support performance with CPR Metrics

**Remote simulation allows facilitators to:**

- Deliver simulation and perform assessments either locally or remotely through the cloud
- Adjust vitals, speech, and sounds using any Internet-connected device
- Live stream and/or record patient perspective during simulated events
- Create new patients by customizing vitals, checklists, patient file, and all speech questions and responses
- Create automated performance assessment of learning objectives
- Search and review past simulation sessions with trend charts, logs, and checklists
- Perform built-in video debriefings (included with AXEL and ALEX Plus and Pro versions)

**Features that deliver hyper-realistic training scenarios:**

- IrisCam™ HD camera in the eye for patient point-of-view live streaming and debriefing (ALEX Plus & Axel: 1,000 hours of video recording; ALEX Pro: unlimited recording)
- Built-in microphone and speakers facilitate real-time conversation
- Realistic lung, heart, and bowel sounds using any stethoscope with SmartScope™
- Blood pressure measurement using the included wireless SmartCuff™
- Height: 5' 1"; Weight: 45 lbs. (20 kg)
- Skin tones: light and medium

Simply unpack and you're ready to train for up to 8 hours

**Practice venipuncture skills**

Help your students understand the venipuncture techniques used in labs, clinics, and hospitals. Using the simulation arms, students will be able to practice tourniquet application, vein selection, site preparation, proper angle, needle insertion, tube switching and ending the procedure.

**DRAMATIC, INEXPENSIVE, AND STATE-OF-THE-ART MANIKINS FOR TEACHING CPR TO INDIVIDUALS OR LARGE GROUPS**

CPR training is valuable for all your students — not just those interested in healthcare careers. Give everyone the knowledge and skills to help out in an emergency situation.

**CPR Prompt® Training and Practice Manikin**

Realistic anatomical markings (Adam's apple, carotid arteries, navel, rib cage, chest notch) make it easy to learn correct hand placement for checking pulse, performing chest compressions, and more. Meets American Heart Association criteria for desirable manikin features. 5-year warranty on manikin. Allow extra delivery time for items with .

**Features:**

- Practice of Heimlich maneuver, CPR, and mouth-to-mouth breathing
- Realistic anatomical markings
- Head tilt/chin lift required to open airway
- Audible compression clicker to ensure proper technique
- Easy-to-clean heads (dishwasher safe)

## Child Development

A specially designed, weighted vest that allows teens and adult males and females to experience pregnancy firsthand and gain a realistic understanding of what it feels like to be pregnant. Developed by Birthways, Inc.

- Weight gain of 30–33 lbs.
- Pregnant profile — enlarged breasts and abdomen
- Pressure on bladder and other internal organs
- Postural changes of back and shift in center of gravity
- Mild fetal kicking “movements”
- Shortness of breath
- Increased body temperature and perspiration
- Awkwardness in body movements
- Change in personal and sexual self-image

Effects are simulated through the use of a rib belt and strategic positioning of various weighted components. In order for the "pregnant" belly to look and feel realistic (rounder), it needs more water in the vinyl bladder. This teaching model includes an instructor's training manual and DVD, laminated flashcard, 30 informed consent release forms, and a laminated color poster on the third trimester of pregnancy. Should not be used on anyone weighing less than 100 lbs. or more than 300 lbs. Fabric U.S.A. and imported.

**Large Version (33 lbs.) with Expectant Father/Adult.**

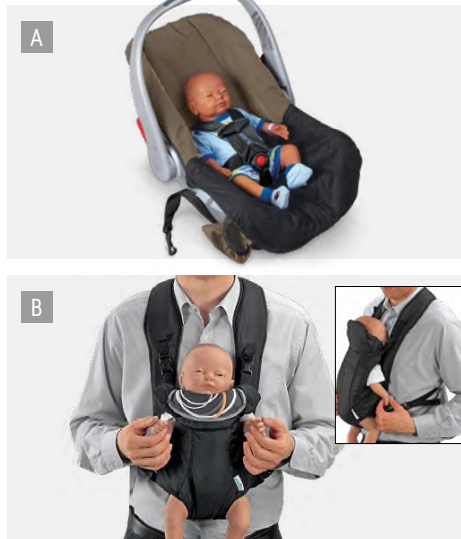

Designed for men of average or above-average size/older teenage boys of above-average size or have the build of an adult male. Includes DVD.  
**SB43113H121**

**Small Version (30 lbs.) with  
Pregnancy Prevention.** Fits

most women, men of small stature, and most teenage girls and boys ages 12-18. Includes DVD.  
**SB43112H121**

**Replacement Weighted Vinyl Bladder.** With water conditioner and repair kit.

### Ready-or-Not Tot® Parenting Simulators

Offer a realistic parenting experience with these functional, versatile parenting simulators that will benefit any pregnancy education program. Use to demonstrate proper baby handling and care. Lifelike, anatomically correct simulator resembles a 20"L newborn, complete with soft body and movable head. Each manikin cries at preselected intervals around the clock, requiring students to tend the "baby." Easy to operate — includes simple directions. Choose from 4 different models. All models except for Basic provide programmed tending events that are unpredictable to the student but easy for the teacher to monitor, and the included teacher correction template allows for quick student evaluation. Purchase Ready-or-Not Tot® individually or as 5-packs or 10-packs. Parenting simulators are educational tools and intended for students over 12 years of age. Latex free.

**Abdominal Palpation Model**  
Unique 3-D model used to demonstrate palpation of the abdomen to determine fetal lie, presentation, and position. Perform Leopold's maneuvers and provide immediate visualization of the fetus after demonstration of the palpation skills. Allows for visualization of the concepts of breech and vertex presentations, as well as anterior and posterior positions. Model includes a fetus with a weighted body, movable arms and legs, firm buttocks, and a head with palpable anterior and posterior fontanelles to allow for easy differentiation of fetal parts being palpated. Body flexes to permit demonstration of all presentations and positions. Fetus and vinyl pelvis rest within the abdominal portion of the model. Abdomen is padded cloth attached by hook-and-loop strips to the base that allows for easy removal and replacement in order to visualize and change fetal positions. Movable gel packs are included to simulate amniotic fluid. Includes a practice/resource guide.

## Put students on the path to achieving financial security

When it comes to financial literacy, it's never too early to build awareness and understanding around earning, managing, and investing money. You can give students a head start on a financially secure future by sharing the knowledge and skills that will help them make informed decisions.

### Prepare them with real-life simulations

#### 6 Financial Literacy simulations:

- On Your Own Coast to Coast
- Budgeting Decisions
- Credit Decisions
- Personal Finance Decisions
- Get Rich With Math
- Personal Finance Trivia Challenge

#### 5 Career simulations:

- Who Would You Hire?
- Who Would You Fire?
- Who Would You Promote?
- Career Decisions
- Finding A Job Trivia Challenge

#### CWPubOnline Supplemental Curriculum

Prepare your students for life in the real world with an online library of real-life simulations focused on financial literacy and career readiness skills.

With a subscription, you and your students will have access to the simulations below, as well as a library of worksheets and other resources. Each simulation is accompanied by a comprehensive teacher's guide and helpful YouTube videos.

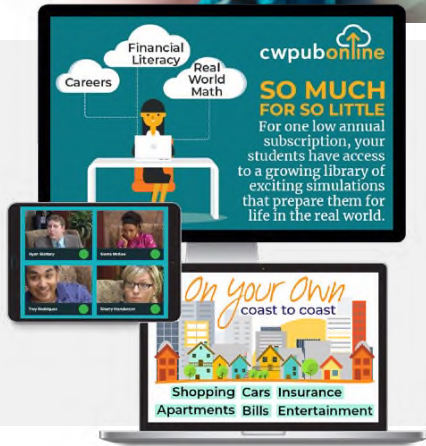

CWPubOnline curriculum aligns with many of the Common Core Standards for Literacy in History/Social Studies, Science and Technical Subjects, and Mathematics.

Web-based simulations can be accessed anywhere you have internet and are updated regularly to stay current with real-world changes.

**Clear Mobile Dividers**

Create clear barriers in your school to help with social distancing requirements. Students are protected, yet the whole classroom, lunchroom, locker room, or library is still visible. Clear plastic panel (not designed for dry erase use) features anodized aluminum trim, flip-chart hooks, and wide, stable base. Heavy-duty locking casters allow you to move from room to room when needed. Available in two sizes. Standard size is 54"H x 38 1/2"W. SCS Indoor Advantage Gold Certified. **Note:** To clean, use a soft, non-abrasive cloth, such as a microfiber or lint free cloth, and apply light pressure only. Never use paper towels.

**3-Window Desktop Barriers**

Easy set-up. Economical solution for student desks. All-plastic corrugated construction that's washable with soap and water and can be sanitized with an isopropyl alcohol solution diluted to 30%. Plus, the white frame can be customized by your students for a personal touch. Choose the 20"H barrier with 14"W side panels for elementary desks or the 23"H barrier with 16"W side panels for middle and high schoolers.

**NE40029H121** 20"H x 20"W Front Panel  
**NE40030H121** 23"H x 24"W Front Panel

**School Desktop Micro Barriers**

Economical, portable and easy to clean corrugated plastic barriers with clear front give you options for in-class student protection. Simply set on the desktop and you're ready to go. Students can even decorate them, if desired. Because of the all-plastic construction, they can be sanitized. 23"W x 24"H x 16"D with clear area measuring 20"W x 19"H.

**Bring Essential Work Skills To Life**  
Pre-vocational kits are developed by Nasco to assist in teaching simple work skills, work hardening, community worksite skills, and more. Skills such as sorting, counting, assembly, and packaging can be learned in a progressive way. With each kit, students work on skills and tasks and then they prepare themselves for the next, more challenging level. Each level builds onto the one prior to it, allowing the kits to be adapted to student capabilities. Each kit contains the necessary components with instructions and lesson plans.

- Kit 3: Sorting and Piece Work.** Sorting and packaging different shapes, sizes, and weights. **⚠ CHOKING HAZARD (I).** Not for under 3 yrs.  
SN00436H121
- Kit 4: Sorting, Counting, and Packaging.** Sort, count, and package items of similar shape and size, but different design. **⚠ CHOKING HAZARD (I, 3, 4).** Not for under 3 yrs.  
SN00437H121
- Kit 5: Sorting and Simple Assembly.** Sorting and simple assembly techniques.  
SN00438H121
- Kit 6: Counting and Packaging.** Counting components, simple assembly, and packaging.
